

## **Week 1: June 8 – 12**

### **Art in Nature: (Ages 4-5)**

You can't spell nature without art! Join us for a week full of art projects inspired by Mother Nature. Campers will explore nature in an artsy week of fun working with flora and fauna to create masterpieces. Artists will be drawing, cutting, pasting and painting, using the outdoors as tools and inspiration. Parents and guardians are invited to the "Outdoor Art" reception on Friday where campers will showcase their nature art pieces.

### **Storybook Science: (Ages 4-5)**

Get ready for an enchanting week where storytelling and science collide! Each day, campers will explore a different storybook and bring the tale to life with exciting, hands-on experiments. Inspired by characters like Ada Twist, Scientist and Rosie Revere, Engineer, campers will step into the story, testing their own theories. Through imaginative activities and experiments, they'll uncover the science behind each adventure, making learning as thrilling as flipping through a favorite book!

### **Culture Craft Club: (Ages 6-7)**

Take a flavorful journey around the world as we explore how food shapes culture! Campers will learn about traditional dishes from various countries, dive into the stories behind them, and create culinary crafts inspired by these global flavors. Campers will discover how food plays an integral role in storytelling and cultural traditions. Hands-on, delicious, and educational, this camp is a tasty adventure that combines creativity and culture!

### **Scaled Safari: (Ages 6-7)**

FunCampers will combine up-close reptile interactions with children's books about the animals they get to meet. Kids get access to Fairytale Town's educational fleet of reptiles and learn all about what makes these reptiles unique through stories, crafts, and games. Please note: Campers will have direct contact with Fairytale Town animals.

### **LEGO Engineers: (Ages 8-9)**

Love Legos? Get ready for a week of bold builds and exciting STEM challenges! Campers will explore engineering, architecture, and creative problem-solving through hands-on design tasks that push their imagination further. Each day features collaborative challenges! From building stable structures, testing moving creations, to solving real-world problems through planning, prototyping, and redesign. Perfect for curious builders ready to think bigger, experiment boldly, and bring their ideas to life!

### **Afternoon Adventures: In a Galaxy Far Far Away!**

Join us for an intergalactic journey to a galaxy far, far away! Afternoon campers will explore the wonders of outer space, engage in Star Wars-inspired games, and create crafts that are out of this world. Whether crafting lightsabers, designing alien creatures, or navigating the stars, each day will be a new adventure in the cosmos. Afternoon Adventures sessions run from 12 to 4 PM and can be added to a morning session for a full-day camp experience. These sessions include a supervised lunch and recess, followed by more curriculum-based, open-ended activities, dramatic play, story time, and more—because the universe is full of endless possibilities!

## **Week 2: June 15 – 19**

### **Little Ranchers: (Ages 4-5)**
